

Samantha DuBrow recommendation from Patricia Wadleigh

It is my greatest pleasure to recommend Samantha DuBrow for the Michael C. Rothberg Scholarship.

I have been fortunate to have had Samantha as a first-grade student at East Elementary eleven years ago. She came into school excited to learn how to read and write. Throughout the next eleven years Samantha and her family have become close friends to my family. I have watched Samantha grow into a wonderful young woman who challenges herself academically with full force. Her work ethics are to be applauded.

Samantha is a good friend to all of her friends; Samantha enjoys working with young children and has been dedicated to her volunteer after school commitments with a local elementary school for the last three years. Samantha enjoys helping others and shines when she does. I am excited to see where Samantha's life takes her.

With only the highest recommendation, once again please accept my recommendation for Samantha DuBrow to the Michael C. Rothberg Scholarship.
