Dear Scholarship Committee,

It is with pleasure that I offer this letter of recommendation of behalf of Ms. Amber Lam for consideration of the Michael C. Rothberg September 11th Memorial Scholarship. I have known Amber as a student two years. During her time as a student in my classes Amber has demonstrated that she is an intelligent, responsible, caring individual, equipped and ready to take the next steps in her academic career as she prepares for college.

As a student in my American Sign Language classes, Amber has consistently demonstrates scholarly traits through her hard work and dedication. She is always prepared, focused and asks appropriate, thought provoking questions and provides equally insightful and intelligent responses.

Amber is a pleasure to have in class, her quick wit displays her agile intellect and sophisticated sense of humor. I'm confident that Amber will continue to demonstrate the same perseverance and rigor throughout her college experience and life after college. She plans on studying nursing in college. I believe this shows Amber's true character and willingness to help others.

Please feel free to contact me with any additional questions.

Respectfully Submitted:

Jill Druhan-Albanese, Ed.D.
